23. (Internal Use Only - THW) LIAISON Called Brian Conboy, Minority Staff Special Counsel, Senate Governmental Affairs Committee, and told him that we had looked into the information contained in our report on patron state support to terrorists again and told him that if we were to sanitize the report about the only thing available to the Committee staff would be the front and back cover. I suggested that perhaps we could brief members of the staffs of the Senators involved who do in fact have clearances and who in the alternative could brief Senators Jacob K. Javits (R., N. Y.) and Abraham Ribicoff (D., Conn.) themselves. He said he understood the problem and would discuss it with Ellen Miller, also on the Committee staff, and see what might be worked out.

STAT 24. (Unclassified - NDL) LIAISON Valerie Larson, House Armed Services Committee staff, called and wanted to know if we could give her the total GNP figure for non-communist developed countries for FY-77. She said she had the FY 76 figure, which was \$4.2 trillion, but needed the FY 77 figure on a priority basis. I passed the request on to CSS/NFAC and was later informed that [] C/CSS/NFAC, called Ms. Larson directly and responded to her query.

STAT 25. (Internal Use Only - GMC) LIAISON Called Michael Hershman, Deputy Staff Director, House International Relations Subcommittee on International Organizations. I asked Hershman about the specifics of a Subcommittee request for a briefing on North Korean subversive activities. I told Hershman that I had been unable to find any formal request for such a briefing in our files, but that I understood the matter had been raised during a recent meeting between [] Acting Legislative Counsel, and Subcommittee Chairman Donald Fraser (D., Minn.). Hershman said that the Subcommittee was indeed reiterating its request for this briefing and that he would send me a copy of their earlier written request. Hershman also noted that former Secretary of State Henry Kissinger would testify at open hearings scheduled for 20 April. Hershman further noted that he would like to be able to proceed with the interviews of former Agency employees which the Subcommittee has requested prior to Kissinger's testimony. I told him we were moving forward on that matter as quickly as possible.
